## Event Hazards

**Hazard Identification & Management – include *significant hazards* only**

**Eliminate [E]** by ensuring that the hazard no longer exists, or is no longer part of the activity;

**Minimise [M]** by doing whatever can reasonably be done to lessen the hazard, this should be to a point where you no longer consider the hazard to be significant.

Significant Hazard		[E] [M]	Management Strategies	Whose Responsibility
Rural/Park Environment	1. Uneven ground, rooty and rocky ground, steep ground, unstable ground.	M	Map checked for quality and consistency of mapping, with all hazardous terrain features identified and accurate.	Controller
	2. Cliffs/banks, pits, tomos, and trenches present.	M	Courses designed to illuminate hazards where possible in relation to the skill level of competitors.	Planner
	3. Varying ground cover including; dense bush, undergrowth, and tree material which could be slippery and/or unstable when wet or rotten.	M	Competitors notified of terrain hazards in event information.	Coordinator
	4. Possible collision with trees, and/or spiky branches.	M	Signage and tape used as appropriate in event area on day.	Controller
	5. Hazardous plants present.	M	Get up-to-date site information from landowners.	Coordinator
	6. Fences that are unstable, and hard to see.	M	Vegetation 'runability' and fences identified on map.	Coordinator
	7. Flooded and deep waterways	M	Competitors advised to consider eye protection.	Coordinator
	8. Wasps present.	M	Hazardous plants made known to competitors.	Coordinator
	9. Natural disasters; fire, earthquake, tsunami .	E	Plan courses to avoid flooded waterways and/or provide compulsory safe crossing places.	Planner
		M	Known wasp nests marked on the maps and taped off. Courses designed to avoid them. Some areas should not be used at some times of year.	Controller
	M	Display Emergency Procedure Notice, describing evacuation process.	Coordinator	
	M	Hard to see fences marked on map, and taped to enhance visibility in the field.	Controller	
<p><b>Risk:</b> anaphylaxis, sprains, falls, grazes, abrasions, eye danger, and other injuries including serious harm. Drowning.</p>				

# HAZARD AND RISK MANAGEMENT (HARM) FORM

Use this form for the management of serious hazards only.

Significant Hazard		[E] [M]	Management Strategies	Whose Responsibility
Weather	1. Severe or extreme weather conditions such as wind, rain, snow, sun, heat.	M	Weather forecasts reviewed prior to, and on day of event to ensure the event can proceed safely.	Controller
		E	Participants clothing will be checked at the start line, and will not be allowed to start if found inadequate for the conditions.	Coordinator
		M	Shelter provided at event centres.	Coordinator
		M	Drinking water provided at appropriate intervals available on the course, or advise participants to carry water if this is not the case.	Controller
		E	If necessary, notice of cancellation will be given on website or facebook as soon as possible.	Coordinator
<b>Risk:</b> Injury from falling branches/trees, hypothermia or hyperthermia.				
People	1. Environment, terrain, course technicality not suited to the capability (competency level) of the participants. 2. Participant lost / leaving the mapped area. 3. Insufficient briefing. 4. Pre-existing medical conditions 5. Covid-19 virus transmission	M	Courses have been planned and controlled to cater for the varying levels of orienteering participants expertise	Planner and Controller
		M	Registration process describes course types and terrain for participants to choose as appropriate.	Coordinator
		M	A process allowing participants to declare their medical conditions.	Coordinator
		M	Participants advised to carry a whistle at all times. This is compulsory for secondary schools events	Coordinator
		M	Wide area map available for use on searches.	Coordinator
		M	Missing Person Procedures available.	Coordinator
		M	Participant on course times monitored.	Coordinator
		M	Safety bearing advertised.	Coordinator
		M	Participants will be informed of last minute and important issues at the start line.	Coordinator
		M	It is mandatory to follow current covid-19 guidelines (as a minimum) published on the ONZ website <a href="https://www.orienteering.org.nz/covid-19/">https://www.orienteering.org.nz/covid-19/</a>	Coordinator
<b>Risk:</b> Participants getting lost and/or exposed to hazardous weather conditions for too long. Participants not knowing the existing hazards. An existing medical condition causing harm while participating.				

# HAZARD AND RISK MANAGEMENT (HARM) FORM

Use this form for the management of serious hazards only.

Significant Hazard		[E] [M]	Management Strategies	Whose Responsibility
<b>Equipment</b>	1. Fire caused by vehicles and equipment.	<b>M</b>	Fire extinguishers available at every event in forest.	Coordinator
	2. Electrocution	<b>M</b>	Cables are positioned and protected so they are not a tripping or electrical hazard	Coordinator
	3. Trip hazard	<b>M</b>	Tents and equipment inspected, fit for purpose and adequately anchored in the event of strong winds or equipment bumped into.	Coordinator
	4. Tents failing and equipment falling or blown about in strong winds.			
<b>Risk:</b> Fire. Injury or serious harm caused by equipment.				
<b>Built Environment</b>	1. Potential for traffic collisions between competitors and vehicles, or between vehicles (including bikes).	<b>M</b>	Traffic control measures have been put in place by a suitably qualified person.	Controller
	2. Collisions between people.	<b>M</b>	Instructions have been issued regarding the road crossing procedure.	Coordinator
		<b>M</b>	Competitors notified in event information and as part of briefing that public roads may be open and to be aware of vehicles. Where appropriate 'No timing' zones for competitors designed.	Coordinator
		<b>M</b>	The road crossings will be manned to assist and ensure compliance.	Coordinator
		<b>M</b>	Marshalls in parking area directing traffic as appropriate.	Coordinator
		<b>M</b>	Warning signs for traffic and the general public.	Coordinator
		<b>M</b>	Participants have been informed and warned of the presence of other land users, and to give due consideration to others.	Coordinator
		<b>M</b>	Separating elites from children / elderly in time or space. If possible, plan course to have the similar direction of flow, especially near start / finish or other high use parts of the map.	Controller
<b>Risk:</b> Injury caused by being hit by a moving vehicle (including a bicycle), or hitting another person.

Emergency Plan		
Ensure everyone knows what to do in case of an emergency such as, where the emergency equipment is including; a communication device and first aid kit.		
		<b>Equipment/people required</b>
<b>Death:</b> <ol style="list-style-type: none"> <li>1. Controller assumes command role.</li> <li>2. Keep others physically safe, and informed.</li> <li>3. Police notified.</li> <li>4. Treat body with respect and leave protected from elements but undisturbed for police investigation.</li> <li>5. <b>Immediately end the Event</b>, all evacuate or as Police directs.</li> <li>6. <b>Request confidentially from all involved so police can notify immediate family.</b></li> <li>7. Organise Debrief and counselling.</li> <li>8. Appropriate paperwork completed. Notify ONZ</li> </ol>		<ul style="list-style-type: none"> <li>• Mobile phone(s)</li> <li>• A first aid provider in attendance.</li> </ul>
<b>Major Injury (Head injuries, fractures, etc):</b> <ol style="list-style-type: none"> <li>1. Controller assumes command role.</li> <li>2. Keep others physically safe and informed.</li> <li>3. Call ambulance.</li> <li>4. Protect scene.</li> <li>5. Remove affected person(s) and discuss situation.</li> <li>6. Organise debrief and counselling</li> <li>7. Complete appropriate paperwork.</li> <li>8. Notify ONZ.</li> </ol>		<ul style="list-style-type: none"> <li>• First aid kits. Whistles carried.</li> <li>• A first aid provider in attendance.</li> <li>• Emergency shelter/vehicle. Comms to Emergency Services.</li> </ul>
<b>Minor injury/illness (sprains, eye injury, grazes, etc):</b> <ol style="list-style-type: none"> <li>1. First aid person assumes command role.</li> <li>2. Provide first aid and shelter as required.</li> <li>3. Keep others safe, and secure the area of the injury.</li> </ol>		<ul style="list-style-type: none"> <li>• First aid kits.</li> <li>• Whistles carried.</li> <li>• First aider attendance.</li> <li>• Emergency shelter/vehicle.</li> </ul>
<b>Medical condition arising:</b> <ol style="list-style-type: none"> <li>1. First aid person assumes command role.</li> <li>2. Provide first aid and shelter as required.</li> <li>3. Assist with administration of any medications.</li> <li>4. Call ambulance if necessary.</li> <li>5. Complete appropriate paperwork.</li> </ol>		<ul style="list-style-type: none"> <li>• First aid kits. Whistles carried.</li> <li>• Personal medications. A first aider in attendance.</li> <li>• Comms to Emergency Services.</li> </ul>
<b>Weather related illness/condition:</b> <ol style="list-style-type: none"> <li>1. First aid given. Ambulance notified if necessary.</li> </ol>		<ul style="list-style-type: none"> <li>• First aid kits.</li> <li>• Personal medications.</li> <li>• Comms to Emergency Services.</li> </ul>
<b>FIRE, EARTHQUAKE, NATURAL DISASTER</b> Note the following needs to be flexible and common sense should prevail depending on the situation.		
<ol style="list-style-type: none"> <li>1. On notification of a fire threat or situation putting participants' safety seriously at risk, the Controller assumes command role.</li> <li>2. Ensure everyone is removed from immediate danger.</li> <li>3. In an emergency dial 111 if this has not already been done.</li> <li>4. Determine a safe assembly point and exit route as soon as possible (upwind from any fire).</li> <li>5. Activate warning system by having cars, bikers or runners moving along safe roads and tracks continuously sounding car horns or air horns. They can collect participants en route and return them to the event centre of safe assembly point.</li> <li>6. Exit Route should be determined according to the circumstances on the day, with signage if necessary.</li> <li>7. Controller should ensure everyone accounted for and someone signs off participants as they leave.</li> </ol>
